

# How to Use "UTokyo Article Link"

Click "UTokyo Article Link" in a case where you cannot find the link to the full text after searching the database. "UTokyo Article Link" is a service which searches for that article on e-journals available at the University of Tokyo and the UTokyo OPAC.

The website providing full text opens via UTokyo Article Link.

Other options will appear on the screen if full text is not found in online journals.

The screenshot shows the UTokyo Article Link interface. At the top, there are navigation buttons: '字外アクセス Access from Off Campus', '論文を探す (TREE) Search Articles (TREE)', 'データベースを探す (GACoS) Search Databases (GACoS)', and '附属図書館ホームページ Library Home Page'. A yellow box labeled 'Full Text via Online' contains a message: 'Sorry, this item is not available online. Please use options below to get it:'. Below this, there are 'Additional Options for finding Full Text' including 'Search a Paper Journal/Book (UTokyo OPAC)', 'Get a Photocopy from Other Universities (MyOPAC)', and 'Interlibrary Loan Request'.
